

LINDO MARSÍ

The above directions are the result of our long scientific and operative experience, aimed at obtaining the best results in this specific operation. In any case, these directions are not binding and do not involve our responsibility, due to the particular, different conditions and ways of carrying out the job.

In case of treatment on particular materials, specially outdoors, we recommend to contact the Geal's technical departement.

THIS DOCUMENT IS AN INDICATIVE TECHNICAL DATA SHEET TRANSLATED FROM THE ORIGINAL IN ITALIAN LANGUAGE. WE MAY SEND THE ORIGINAL ONE ON DEMAND

01/07

CHEMICAL DEFINITION

Concentrated detergent based on saponified vegetal oils. For the daily cleaning of all cotto and terracotta floors, natural and artificial absorbent stone materials, even the treated ones. It does not contain solvents.

APPLICATION AND PERFORMANCE

Gentle grease remover detergent with marseille soap for the daily cleaning of all cotto and terracotta floors, natural and artificial absorbent stone materials, even the treated ones. Specially indicated for rustic flooring.

Due to the natural ingredients and the additives that it contains, it is easy to apply, it does not change the treatment and guarantees the best respect for the material and the consumer. It does not need rinsing.

The regular use of **LINDO MARSÍ (GEAL)** allows to keep the natural colour and look of the material, enhanceing the brightnesss and reduceing the absorption of the dirt.

It is used diluted for the frequent use and in a higher concentration for the extraordinary maintenance and the removal of the persistant dirt.

DIRECTIONS FOR USE

Shake well before use. For the frequent use: dilute it in water 5 % (1 glass / 5 lt. water). Extraordinary maintenance: use a higher concentration to remove the persistent dirt. It is applied with a properly squeezed cloth, spreading it uniformly on the surface. Rinse the cloth with clean water when needed to avoid making the surface dirty. Do not rinse the surface otherwise the protection could be removed.
Consume (diluted product): 1 litre / 200 sm approx.

CHEMICAL- PHYSICAL SPECIFICATIONS AND ORGANOLEPTIC

Specific weight (20 °C) **1,002 gr/cc**
pH (20°C) pure product **8,5 +/- 0,5**
Form: **opalescent liquid**
Odour: **lavender**
Colour:
amber

DANGEROUSNESS

Symbol: none

S2 KEEP OUT OF THE REACH OF CHILDREN

Ingredients in compliance to CE regulation N. 648/2004

Inferior to 5%: non ionic surfactants, EDTA sodium salt

About 5 and 15%: anionic surfactants

Scents

Material Safety Data Sheet available according to Dir. CEE n° 91/155

SUMMARY

For the daily cleaning of all cotto and terracotta floors, natural and artificial absorbent stone materials, even the treated ones, use **LINDO MARSÍ (GEAL)**, concentrated detergent based on saponified vegetal oils. It does not contain solvents. Use it diluted for the frequent cleaning and more concentrated for the extraordinary maintenance and the removal of the persistent dirt..

TRANSPORT by road (ADR) / by train (RID) (by ship and air, on request)

Not dangerous good
